MCN Membership for Nonprofit Organizations

Join the Minnesota Council of Nonprofits (MCN) and immediately benefit from the savings and resources we extend to our members. You'll receive discounts on publications, workshops, including the Annual Conference, cost saving programs and more. Our newsletter, Nonprofit News, will provide you with updates on management trends and new resources for the nonprofit sector. You'll also be eligible to save money as cost-savings programs are developed - including banking, director's and officer's liability insurance, employee benefit programs, national nonprofit periodicals, and more. Plus, you'll add your voice to hundreds of nonprofit members on issues that affect us all.

The Sports Alliance is a beneficial tool for any Recreational Professional who works with youth sports. The avenues it opens for reference material and contacts from other communities will assist with the planning and running of sport programs. The summit that I attended was very professional and the speakers ranged from college coaches and trainers to people who do criminal background checks. Keep up the great work!!

David A Pribbenow
Adult Recreation Supervisor
City of Faribault

Lessons about sportsmanship and fair play begin at an early age. So before you question a call, remember that it is more than the fans who are watching.

The Sports Alliance of Minnesota is a coalition of sports organizations whose mission is to provide tools for creating a positive sports environment.

The Sports Alliance of Minnesota identifies builders of trust and respect in sports as parents, coaches, players, administrators, game officials, spectators, and community members. The creation of a positive sports environment begins with active participation of all participants. The following outlines the key components needed to assure a positive sports environment. All the participants need to work in unison towards their objectives and goals in order to build a positive sports environment:

Objectives

- promotes fun, participation, and competition for the athletes.
 - develops strong personal character traits.
 - fosters healthy lifestyles.
 - encourages sportsmanship.
 - believes in ethical behaviors of players, coaches and parents.
 - creates a safe environment.
- requires the involvement of everyone in the betterment of the community.

Goals

- To have all activities of the team conform to the mission and objectives of the program.
 - To teach good sportsmanship to players, coaches, spectators, and parents.
 - To teach life skills and character development to the participants.
 - To train officials who will ensure fair play, sportsmanship and a safe environment.
 - To educate parents, players, and coaches on the rules of the game.
 - To educate parents on how to be a good role model for their children.
 - To promote those teams and participants who decide to follow the program.
- To educate the coaches on the mission statement, basic coaching skills, how to work with parents, and how to establish/enforce the rules.
 - To evaluate and assess the program through surveys to coaches, players, and parents.
 - To commit to the betterment of their community by giving of their time and resources
